## PROFILE SUMMARY

Passionate and detail-oriented Frontend Developer skilled in building responsive and user-friendly interfaces using modern web technologies. Experienced in creating full-featured web applications with optimized UI/UX, clean component architecture, and performance-focused design. Strong understanding of React.js, Next.js, Tailwind CSS, and modern JavaScript. Quick learner dedicated to building production-ready and visually appealing web experiences.

## EXPERIENCE

### Freelance Frontend Developer – E-commerce Platform for Client

2024 – 2025

- Developed a fully responsive e-commerce interface with modern UI components and optimized page layouts.
- Collaborated closely with client to align UI/UX with business goals and product branding.
- Implemented product listings, cart UI, wishlist UI, filters, and checkout frontend screens.
- Enhanced overall performance, accessibility, and mobile responsiveness for improved customer engagement.

## PROJECTS

### Frontend Developer – WebUi.in

Personal Project

- Built a service-based website offering web development, UI/UX, and branding solutions.
- Created a clean, modern interface using React and Tailwind CSS with efficient component organization.
- Implemented SEO-friendly pages with smooth animations, optimized images, and responsive layouts.

### Frontend Developer – Snatcher.in

Frontend Project

- Designed a complete e-commerce UI including product pages, cart, wishlist, and user dashboard.
- Developed reusable UI components and integrated them into a scalable project structure.
- Ensured consistent branding, smooth navigation, and mobile-friendly screens.

### Frontend Developer – MyKart

Frontend + Razorpay UI

- Built the full UI for a modern shopping platform with search, filters, product view, cart, and order UI.
- Designed responsive screens for checkout flow and payment UI using Razorpay frontend integration.
- Optimized frontend performance for speedy interaction and minimal loading time.
